Rural Development Plan (RDP)

The Rural Development Plan for Wales is part of a new European Union programme to promote the economic regeneration of rural areas. The RDP is aimed at assisting communities, helping to boost their local economy by supporting local businesses and voluntary sector/community organisations, improving basic services, village enhancement schemes, improving the local environment and promoting the Welsh language.

The rural areas within the Merthyr Borough have been recognised as an important part of the region. The areas deemed eligible as Rural Wards include Bedlinog, Cyfarthfa, Merthyr Vale and Vaynor. Plymouth has been designated as a Service Centre area. The RDP provides an opportunity to build on the achievements that have already taken place in these areas, and explore new possibilities. Tourism is very important in terms of the local economy of these areas, with activity tourism holidays growing in popularity, but with a minimum adverse effect on the environment. There is also the opportunity to build on the excellent services that are being delivered within the Rural areas and to make the local communities a more attractive and safe place to live.

There are three main objectives stemming from the Merthyr Local Development Strategy and all projects will fit in with at least one of the following objectives:

- Welsh Heritage and Culture
- Production of Local Food, Crafts and Services
- Tourism and Outdoor Activities.
