

7. Finding and getting money

7.4.8 Funding sources for sports projects

Overview

The information sheet provides details of sources of funding for voluntary organisations that are involved with sports projects. The entries in this sheet are intended as a general guide, the contacts given will be able to provide you with more detailed information. Your local county voluntary council (CVC) can also help you to identify sources of funding for your needs.

Sports Council for Wales

Sport Wales operates a number of funding schemes that aim to increase participation and improve performance in Welsh sport. Further detailed information on the grant schemes and eligibility criteria is included in the relevant guidelines available from Sport Wales.

Sportsmatch Cymru

A scheme providing a vital link between the commercial sector and the development of grass-roots sport, offering sports clubs and governing bodies support with projects that increase grass-roots participation, by match '£ for £' investment by the private sector.

Development

Sport Wales funds projects that develop sport and physical activity in the community. Grants are available from £1,501 to £25,000 for small scale facility projects.

Community Chest

This is a National Lottery funded grant aid scheme. It is designed to encourage more people to become more active more often. The maximum grant is £1,500 in any 12 month period.

Coach Cymru

This scheme, provides funds for the training, support and employment of coaches.

Élite Cymru

Providing the most highly promising athletes in Wales with the support they need to achieve their potential. This could include sports science support, medical back-up, career and education advice, coaching and access to training facilities. Applications for support are considered only for those sports and activities recognised by Sport Wales.

Football Stadia Funding

Grant aid for football clubs in the Football League, the Conference and the National League system in England and Wales to improve their facilities for players, officials and for spectators. Project costs that are considered include refurbishment, safety work, floodlighting, pitch drainage, toilets and provision for disabled spectators. An award of up to £2 million may be made for clubs in the Football League. For clubs in lower leagues, the maximum grant ceiling is less.

A minimum of 10% of total project costs will need to be provided from either the applicant's own or other sources. It is likely that this percentage will be higher in some cases. Funding is for Football clubs in the Football League, the Conference and the National League system. Applications may be made at any time.

Football Grants for Funding Facilities

This Football Foundation grant is available to primarily support organisations that wish to build, develop and/or refurbish facilities in order to sustain and increase participation in football.

Capital costs, e.g. improving grass pitch drainage, changing rooms and pavilions and clubhouses. An element of revenue funding can be applied for if it is linked to a capital bid that does not exceed 20% of the grant requested

On any given application, the lower the percentage support from the Foundation, the more likely it is to be approved. The maximum level of funding remains at 90% of the total eligible project cost, up to a maximum of £1 million. However, a grant award approaching this level would be extremely rare

Applicants will be required to provide at least 10-50% of the project costs from their own or other sources

Funding is open to local authorities: education establishments, football clubs, multi-sport clubs, registered charities, not-for-profit companies limited by guarantee, industrial and provident societies and not-for-profit organisations

Landfill Tax Credit Scheme

This is for communities within a 10km radius of an operating landfill site. A maximum of £50,000 is available, although this depends on the local operator (Biffa, WREN etc). The proposed project needs a second funding partner, which could be a town/community council, who'll need to contribute at least 11% of the total cost. Previous projects include play areas and a skate park.

National Task Force

NTF is a not-for-profit-making Social Enterprise, who creates, support and fund a wide variety of youth projects across the UK. With the ultimate aim of building safer communities through prevention, they have identified who is the most likely to commit crime and who is the most likely to become a victim of crime. The answer to both, is young people aged 13-25, during what is often referred to as 'Transition to Adulthood'.

"There is not ONE programme or method that is full-proof in engaging this age group of people; of course everyone's parental influence, circumstances and experiences make them individual and unique.

To diversely target this age group; we focus on six core projects:"

- Amateur Boxing
- Parkour
- Boxercise Classes
- Rock School
- Entrepreneur Courses
- Club Innocence
