Powys Welsh Church Acts Fund

Aims: The Welsh Church Acts Fund currently delivers versatile grants in three diverse areas: Community groups, including arts and cultural organisations (priority is given to community centres, village halls and organisations for children and young people); Churches and chapels (in the main for the external restoration, repair and maintenance of the main fabric of the building); and Individuals (in particular young people, young adults and young offenders).

Comment: A bias exists towards capital schemes and innovative projects. Most grants are for one-off assistance with funding towards the repair and maintenance of community buildings when it is deemed the work is beyond the merely routine. Priority is given to community centres, village halls and organisations catering purely for children and young people. One-off grants are available to churches and chapels against their importance as historic buildings or as a major feature in the local environment and not as religious or denominational facilities. Personal need is a major criteria for awarding grants to individuals and priority is given to young people, young adults and young offenders. Individuals making application must either be Powys-based residents or, if in college, the son or daughter of a Powys resident.

Amount: Financial maximum of £3,000 (up to the level 15% of approved costs) to organisations; a maximum of £2,000 (10%) for churches and chapels; £500 (50%) for individuals.

Restrictions: Grants given to organisations will not be made against revenue expenditure, wages or other employment costs. Nor are they available for personal clothing or equipment costs. Grants to churches and chapels cannot be given for

internal repairs (apart from exceptional circumstances). Nor are grants made for the construction of new churches or chapels. Grants to individuals do not cover personal clothing or foreign holidays. General applications from national bodies are automatically rejected.

Application Process: Application forms are available from the contact.

Closing Date: Applications may be submitted at any time. The application deadlines for each financial year are usually in March, June, August and September.

Powys Community Enablement Support Fund

Aims: The Community Enablement Support Fund programme's main purpose is to support social and community development. Voluntary groups and organisations that demonstrate that they are properly constituted can apply for either 'Capital' or 'Revenue' elements. Powys County Council recognises the value of community groups and organisations in trying to sustain their own communities, undertaking projects that involve local participation which are inclusive of everyone. Local participation is viewed as more effective when it includes a cross-section from the local community, representing some of the groups that are often overlooked by society. Local participation should seek to involve people in the community from different ages, different races, those with disabilities, different religions, different genders, different sexualities, those whose language of choice is Welsh and with different educational backgrounds.

Comment: In order to try and be as flexible as possible, the Council does not have a prescriptive list of types of projects which can be funded. The Council hopes to try and encourage creativity, innovation and development in supporting each project. Priority will be given to those projects that clearly show they have: schemes that fit one or more of the Council's stated strategies or policies; good local commitment and benefit to their local community; demonstrate commitment to achieving full participation from all the community; equal access to provision, to include the choice of language and culture; schemes that promote good relations between people of different racial groups; schemes that carefully consider accessibility for disabled people; schemes that promote and support equality and diversity.

Amount: £15,000

Restrictions: There are some items or activities which the Council cannot fund. In these instances, potential applicants will be advised on initial contact with the Council. Ineligible items include the following: Fundraising events; The consumable costs of street lighting, such as Christmas lights; Street furniture; CCTV; The purchase of minibuses; Political or religious activities; Duplication or overlapping of services or provision; Personal clothing.

Application Process: For further details about the Fund and how to apply, contact the office.

Closing Date: Applications may be submitted throughout the year. There are no set deadlines. Applications will be assessed on a quarterly basis.

Community Welcome Scheme (Powys County Council- Tourism Section)

Aims: The Community Welcome Scheme is a delegated grant scheme which aims to support small scale community led tourism projects throughout Powys. The scheme offers capital and revenue grant support. Some examples of potential projects are: tourism infrastructure developments, websites, enhanced visitor information, feasibility studies, landscaping green areas, street furniture, improvements to footpaths, cycle routes and bridleways, heritage/church trails etc.

Comment: Powys County Council in conjunction with Powys Regeneration Partnership has been successful in securing £300,000 to run a grant scheme called..... This project is part funded through the Rural Development Plan for Wales 2007 - 2013 which is financed by the European Union and the Welsh Government. The scheme will be run on a "first come, first served basis" and is open to town and community councils, community enterprises, tourist associations and the voluntary sector.

Amount: The grant amount is set at 80% of eligible project costs up to a maximum of £10,000 per capital project and up to £5,000 per revenue project.

Restrictions: The projects must be based within Powys, incorporate tourism benefits and be led by the community.

Powys Rural Development Plan

The Rural Development Plan for Wales 2007 – 2013 (RDP) is a European Union funded programme to promote the development of rural areas. Its aim is to encourage and help rural communities to think about the longer-term potential of their area. It seeks to encourage the development and delivery of integrated, high-quality, original projects that support sustainable development based upon local need and innovative approaches towards rural development. The first programme period is running from June 2008 – February 2011.

Powys through the Powys Regeneration Partnership (PRP) has attracted significant EU financial resources to assist in the regeneration of the area. Project areas that have attracted support are:

- Support for business creation and development
- Encouragement of tourism activities
- Conservation and upgrading of the rural heritage
- Village renewal and development

Powys is set to receive £3.9 million from the European Agricultural Fund for Rural Development and the Welsh Government to deliver these projects. If you would like further details on any of the projects please contact Lee Price on 01982 552224 or email leepr@powys.gov.uk

Brecon Beacons National Park

Sustainable Development Fund is an annual award of £250,000 from the Welsh Government to support projects that develop and assess ways of achieving a more sustainable way of living within the Brecon Beacons National Park.

SDF aims to assist projects which take into account economic, environmental, community and cultural issues, and which improve quality of life for communities.

Areas for priority in 2008/9 are projects that:

- Support community based transport initiatives designed to reduce the carbon footprint.
- Support sustainable visitor transport initiatives, including access to 'hot spots'. Support sustainable food marketing and the promotion and consumption of local produce.
- Promote the sustainable use of water resources, through the support of projects designed to promote access to water.

Application deadlines:

2008/9

9th January 2009, 10th March 2009.

Please note there are limited funds remaining for 2008/9 but larger projects are invited to apply for 2009/10 funding.

The **Sustainable Events Fund**¹ offers grants of up to £1000 to support the START UP of events within the Brecon Beacons National Park. The event should be a NEW IDEA or CONCEPT and be SUSTAINABLE (annual event) and ideally take place outside the normal tourism season. Existing events willing to expand and follow sustainable event criteria will be considered. Current priorities for events include: community based sustainable transport initiatives designed to reduce the carbon footprint, sustainable food marketing and the promotion and consumption of local produce, projects designed to promote access to water.

The current fund runs to March 2009. For further information please contact Ceri Bevan, Sustainable Communities Officer on 01874 620471 or ceri.bevan@breconbeacons.org

1. The Sustainable Events fund is a Welsh Government Sustainable Development initiative administered by Officers at the Brecon Beacons National Park Authority.

The **Crossing Park Boundaries**² project supports vulnerable and socially excluded groups in making initial visits to the Brecon Beacons National Park in order to experience the benefits this spectacular area has to offer. The project can assist through financial support e.g. transport costs; information & advice and practical support and is available to groups both within and beyond the National Park area. If you work with a group who would benefit from outdoor experiences and environmental engagement within the National Park and would like further information on this project, please contact Ceri Bevan, Sustainable Communities Officer on 01874 620471 email ceri.bevan@breconbeacons.org

2. Crossing Park Boundaries is a partnership between the Brecon Beacons National Park Authority and the Countryside Council for Wales (CCW).
